COVID AND THE EFFECT ON CAMP WARTBURG

The Covid crisis has had a profound impact on Camp. Camp Wartburg is doing what it has done for many years, plan for a diverse programming schedule and a safe summer. This brochure is designed to take possible Covid restrictions into account on a couple of different levels. With the outlook looking better for next summer we are taking this proposal to everyone with the hope of a “normal summer 2021.” That is this brochure here. Inside each week is imbedded a smaller, slightly Covid restricted schedule. It would involve smaller groups and limited activities away from Camp. So there may not be any WOW camp programs. Theater Arts may or may not go to the MUNY, but could still happen solely on Camp property. Many of the off-site trips may have to be cancelled. It may cause a slight disruption to some programs, and may not affect others at all. The programs marked with an * will be designated as Covid friendly and you may want to consider them first, the others will be impacted if we still have Covid restrictions.

At this time, if you are hopeful about this summer’s outlook and would like to secure a spot, please register early. We are going to keep each registration for each separate week on a priority list. If we have to make changes, your early registration will give you a better chance of having a spot during your desired week. For instance, if we are limited to 50 campers per week, those top 50 will have their choice of what program they would like to attend, if their original program option has to be cancelled.

In closing, please remember Camp Wartburg in your prayers and we are looking forward to a time with limited interruptions and restrictions. Romans 8:38-39

Peace,
Bob
